Summary

Motivated second-year **Creative Computing** student at Bath Spa University UAE with a passion for bridging the gap between design and technology. Currently serving as the **Organizer** for Google Developer Groups On Campus BSU RAK, after previously leading visual storytelling and branding initiatives as the **Design and Creative Lead**. Eager to leverage skills in digital design, creative problem-solving, and leadership to contribute to innovative projects.

Experience

2025–Present **GDGOC (Google Developer Groups On Campus)**, Bath Spa University

Organizer (May 2026 - Present)

- Oversee chapter operations, manage team coordination, and facilitate tech-focused events for the student community.

Design and Creative Lead (Aug 2025 - May 2026)

- Spearhead the creation of visual assets for campus events, workshops, and social media campaigns.
- Collaborate with cross-functional teams to ensure consistent branding and engaging user experiences for the student community.
- Mentor team members in design best practices and assist in organizing tech-focused events.

Mar'26-May'26 **Web Developer Intern**, Baniyas Optics, Sharjah (Hybrid)

- Led the design and implementation of a customer-centric web application for the optical store.
- Managed end-to-end development, translating client requirements into UI/UX prototypes in Figma and handling backend integrations.

July'25-Sept'25 **Software Developer Intern**, CodeLattice, Dubai

- Developed full-stack web applications utilizing ReactJS for frontend interfaces and MongoDB for backend database management.
- Worked on Zoho ecosystem integrations and customizations to streamline business workflows.
- Collaborated with the development team to design and implement scalable technical solutions.

Education

Present **BSc in Creative Computing** (Year2/Level 5), Bath Spa University UAE, Dubai
2024-2025 High School Diploma, Gulf Model School, Dubai
